

PRODUCT INFORMATION

pr 2000

Skin care lotion

- pr2000 nourishes the skin and prevents rough, cracked and dehydrated hands.
- The mildly greasing and quickly absorbing nourishing lotion, rich in active ingredients, promotes the regeneration of stressed skin.

Easy like ABC:
with our dispensers

APPLICATION AREA

Mildly greasing skin care lotion

Regular use after work contributes towards retaining the skin's natural protection function.

Skin nourishing products make a contribution towards prevention of skin diseases.

TIP: We recommend skin protection and skin care lotion pr99 for skin in need of more oil and to nourish very dry skin.

USAGE AND DOSAGE

pr 2000 is very economical. Apply the cream sparingly but carefully after cleansing the areas of skin.

Dosage volume approx. 0.5 - 1 ml

Also well suited to full body care.

We offer suitable dispensing solutions for clean and economical dosing.

THE ADVANTAGES AT A GLANCE

With high proportion of skin nourishing ingredients

- Quick absorption
- Rich in active ingredients
- Free of silicones
- Available mildly perfumed and perfume-free
- HACCP-assessed (perfume-free version)
- Extensive choice of dispensers and dosing systems

pr 2000

Skin care lotion

Product Information

pr 2000 is a supple, soft, easy to apply and quickly absorbing oil-in-water emulsion (O/W emulsion). To support the regeneration of stressed skin at work, pr Clean contains the following cosmetic ingredients:

Allantoin has an anti-inflammatory effect, reduces irritation, improves the moisture retention ability of the skin and promotes the regeneration of cells.

Panthenol (provitamin B5) has an antiinflammatory effect and heals wounds (epithelising).

Vitamin E-acetate as a multifunctional skin protection vitamin increases the moisture retention ability of the skin, has an antiinflammatory and epithelising effect and protects against free radicals.

Bisabolol (an essential camomile ingredient) has an anti-inflammatory, erythema reducing (erythema = skin reddening) and wound healing effect.

Vitamin F glycerol ester (complex essential ester fat acids) has a bacteriostatic and anti-infection effect and prevent rough, dry and brittle skin.

Skin compatibility

Dermatest GmbH, Gesellschaft für allergologische Forschung, 48155 Münster

pr Clean has been certified with very good skin compatibility after a dermatological test on human beings.

No allergic or toxic-irritative reactions of incompatibility occurred during the patch test in accordance with international guidelines.
